CITY OF FREEPORT

RESOLUTION 2020- LOCAL MITIGATION STRATEGY

WHEREAS, the Freeport City Council has approved the Walton County Local Mitigation Strategy; and

WHEREAS, the City of Freeport as a city located within Walton County has exposure to natural technological and human-caused hazards that increase the risk to life, property, environment, and the City's economy; and

WHEREAS, pro-active mitigation of known hazards before a disaster event can reduce or eliminate long-term risk to life and property; and

WHEREAS, the Disaster Mitigation Act of 2000 (Public Law 106-390) established new requirements for pre- and post-disaster hazard mitigation programs; and

WHEREAS, the Walton County Local Mitigation Strategy Work Group (LMS Work Group) has been formed to pool resources and create consistent mitigation strategies within Walton County; and

WHEREAS, the LMS Work Group has completed a planning process that engages the public, assesses the risk and vulnerability to the impacts of natural technological, and human-caused hazards, develops a mitigation strategy consistent with a set of uniform goals and objectives, and creates a plan for implementing, evaluating and revising this strategy;

NOW THEREFORE BE IT RESOLVED that the Freeport City Council:

- 1) Adopts in its entirety, the Walton County Local Mitigation Strategy (LMS).
- 2) Will use the adopted and approved LMS to guise pre-and post-disaster mitigation of the hazards identified.
- 3) Will coordinate the strategies identified in the LMS with other planning programs and mechanisms under its jurisdictional authority.
- 4) Will continue its support of the LMS Work Group and continue to participate in the LMS Work Group as described by the LMS.
- 5) Will help to promote and support the mitigation successes of all LMS Work Group members.

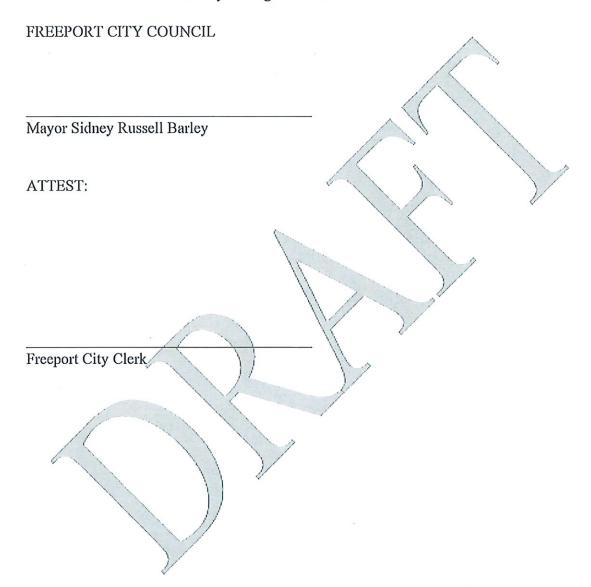

WHEREAS, the Walton County Local Mitigation Strategy has been reviewed and approved pending adoption, by the Florida Division of Emergency Management.

CITY OF FREEPORT

RESOLUTION 2020-___ LOCAL MITIGATION STRATEGY

NOW THEREFORE BE IT RESOLVED THAT THE FREEPORT CITY COUNCIL has approved and supports the adopted Walton County Local Mitigation Strategy.

DULY ADOPTED this 27th day of August 2020.

Local Mitigation Strategy Revision Summary

BACKGROUND

Hazard Mitigation Planning in Walton County:

In January of 2020, the Walton County Local Mitigation Strategy Working Group (LMS Working Group) embarked on a planning process to prepare for and lessen the impacts of specified natural, technological, and human caused disasters by updating the Walton County Local Mitigation Strategy (LMS). Responding to federal mandates in the Disaster Mitigation Act of 2000 (Public Law 106-390), the LMS Working Group was formed to pool resources and to maintain a uniform hazard mitigation strategy that can be consistently applied to the defined planning area and used to ensure eligibility for specified grant funding success.

This effort represents a comprehensive update to the prior hazard mitigation plan, approved by the Florida Division of Emergency Management (FDEM) in 2015. The 15 member working group involved in this project included: City of DeFuniak Springs, City of Freeport, City of Paxton, Florida Department of Health-Walton County, Florida Division of Emergency Management, Muscogee Nation of Florida, South Walton Fire District, South Walton Utility Company, Inc., Walton Area Chamber of Commerce, Walton County Fire and Rescue, all departments under the Walton County Board of County Commissioners, Walton County School District, Walton County Sheriff's Department, Walton County Tourist Development Council, and Regional Utilities. The result of the organizational effort will be a FDEM and FEMA approved multi-jurisdictional, multi-hazard local mitigation strategy.

Hazard mitigation is defined as any action taken to reduce or alleviate the loss of life, personal injury, and property damage that can result from a disaster. Mitigation planning is the systematic process of learning about the hazards that can affect the community, setting clear goals, identifying appropriate actions and following through with an effective mitigation strategy. Mitigation encourages long-term reduction of hazard vulnerability and can reduce the enormous cost of disasters to property owners and all levels of government. Mitigation can also protect critical community facilities, reduce exposure to liability, and minimize post-disaster community disruption.

The hazard identification and profiling in the hazard mitigation plan addresses the following hazards of concern within the County:

Natural Hazards:

- Coastal Erosion
- Dam Failure
- Disease Outbreak
 - Epidemic / Pandemic
 - Animal / Plant
- Drought
- Flood
 - Areal / Riverine
 - Storm Surge Flooding
 - Tsunami
- Geological
 - Earthquake
 - Sinkholes
- Severe Weather
 - Extreme Temperatures
 - Cold
 - Heat
 - Thunderstorms
 - Tornadoes
 - Tropical Cyclones
 - Hurricanes
 - Tropical Storms
- Wildfire / Urban Fire
- Winter Storm

Technological Hazards:

- HazMat Incident
 - Fixed Facility
 - Transportation
- Transportation Incident
 - Air
 - Highway
 - Rail
- Utility Outages

Human-Caused Hazards:

- Terrorism
 - Chemical
 - Biological
 - Radiological
 - Nuclear
 - Explosive
 - Cyber
- Workplace / School Violence

All participating local jurisdictions have been responsible for assisting in the development of the hazard and vulnerability assessments, assessing their capabilities, and in the development of the mitigation action strategies for their respective jurisdictions. The Plan presents the accumulated information in a unified framework to ensure a comprehensive and coordinated plan covering Walton County. Additionally, the plan has been developed with the goals, objectives, and priorities of the State's multi-hazard mitigation plan in mind.

In addition to the involvement of the LMS Working Group, residents were asked to contribute by participating in three public meetings, two of which were conducted via Facebook Live in accordance with social distancing protocols, as well as a public survey. The public survey was developed to collect public opinion regarding hazards, mitigation actions and priorities. Results of the public survey can be found in Appendix G of the Walton County LMS.

Why adopt this Plan?

Once the local mitigation strategy is adopted by each of the jurisdictions and approved by the FDEM and FEMA, the County and Cities will collectively and individually become eligible to apply for hazard mitigation project funding under the suite of hazard mitigation grants provided under FEMA's Hazard Mitigation Assistance (HMA) program.

Where do we go from here?

Upon adoption of the Walton County LMS, and subsequent approval of said plan by the FDEM and FEMA Region IV, Walton County will be eligible to apply for specified grants. The grant funds are made available to states and local governments and can be used to implement the long-term hazard mitigation measures specified within the Walton County LMS before and after a major disaster declaration. The Walton County LMS is considered a living document such that, as awareness of additional hazards develops and new strategies and projects are conceived to offset or prevent losses due to natural disasters, the Walton County LMS will be evaluated and revised on a continual 5-year time frame.

- Resolution for capacity fee rates does not account for CPI

The Council and staff discussed the rates and issues with explaining the fees to citizens.

City of Freeport BUDGET WORKSHOP MINUTES July 16, 2020

Next budget meeting: capital improvement projects and salaries.

Director Simmons remarked that Planning needs a deputy director. The new budget would have a Facilities Manager who could also conduct some site inspections for Planning. Simmons also noted that the Parks Budget is being decreased and that amount that would cover both positions.

The Council discussed the parks and other city property.

3. Public Comment

There were no public comments.

4. Adjournment

Mayor Barley adjourned the workshop at 6:21 pm.

City of Freeport BUDGET WORKSHOP MINUTES July 21, 2020

1. Meeting Called to Order

The Budget Workshop was called to order at 5:30 pm in City Hall Council Chambers by Mayor Barley.

Council members present: Amanda Green, Mayor Russ Barley, Eddie Farris, and Mark Martin.

Staff present: Finance Office Sara Bowers, City Attorney Clay Adkinson, Planning Director Latilda Neel, City Clerk Malani Robinson and Parks Director/Project Manager Charlie Simmons.

Attorney Adkinson addressed the Council. The meeting notice published for the July 21, 2020 Budget Workshop did not get placed on the city website. Therefore, in order to cure a potential Sunshine Law issue, the meeting recording from that meeting would be heard in its entirety at this meeting.

2. July 21, 2020 Budget Workshop Recording

Director Neel played the recording of the July 21, 2020 meeting.

Following the playing of the recording in its entirety, Attorney Adkinson addressed each of the council members present in turn and asked them the following: "Is the recording you just heard an accurate recording of the meeting that took place on July 16, 2020?

Councilwoman Green: "It is."

Mayor Barley: "It is."

Councilman Farris: "It is".

Councilman Martin: "It is".

City of Freeport BUDGET WORKSHOP MINUTES July 21, 2020

Other discussion: The Council discussed social distancing and the ability to keep business going.

Director Neel remarked that Planning & Zoning had been able to keep business running smoothly using teleconferencing and video meetings; also looking at software programs for submitting permit applications online.

3. Public Comment

There were no public comments.

4. Adjournment

Mayor Barley adjourned the workshop at 6:22 pm.

1. Meeting Called to Order

Re:

City Insurance

Please find attached the renewal quote provided by the Florida League of Cities as well as a copy of last year's quote. The city's liability and property insurance has significantly increased due to lawsuits the league has defended for the city and the unfortunate occurrence of hurricanes impacting Florida in the past couple of years. The automobile coverage has only increased by a little over \$300 and the worker's compensation coverage has decreased slightly over \$7,000. Staff is respectfully requesting council approval of this quote.

MEMORANDUM

TO:

City Council

FROM:

Sara Bowers

SUBJECT:

Sewer Lien when Customer Refinances Mortgage

I respectfully request City Council guidance for when a customer refinances their mortgage and has a sewer loan lien. The agreement signed by the customer at the time of the loan execution is silent on refinancing, and only states the loan must be paid in full if the property is sold (see attached agreement).

It is staff and legal counsel's recommendation that when a customer refinances their mortgage, the customer must either pay the sewer loan in full or have the refinancing inferior to the city's lien on the property.

Thank you.

CITY OF FREEPORT

SEWER

FINANCING AGREEMENT

This Agreement entered into by and between the City of Freeport, (herein "provider")

And ______, herein "owner"), who hereby covenant and agree

As follows:

- 1. The provider agrees to make service available to existing homes where there is Existing sewer service for the terms and conditions stated herein. Simultaneously With the execution of this agreement, the owner shall pay to the provider a deposit Of \$50.00 for sewer service and necessary recording fees of \$5.2.50.
- 2. The owner will further pay to the provider, subject to the terms contained herein the Sum of \$7314.00 as a sewer connection fee. The aforementioned sewer connection Fee shall be due and payable at the time of execution of this agreement. In the event The owner decides to finance the sewer connection fee it shall be financed as follows:
 - A. A down payment of \$2,000.00 with a balance of \$\frac{\sqrt{\cup 0.}}{\cup 0.}\$ being Financed for a period of 10 years, commencing one month from the date of The down payment and payable in 120 monthly equal installments.
 - B. Payments shall be due on or before the 15th of each month. Any payment paid after the 15th shall be assessed a late charge.
 - C. Any payment that is not made within 45 days after the due date, may result in the City disconnection service to the owner. The owner shall at that time Have the option of reinstituting the service by paying the entire balance.

 Remaining on this agreement, together with any other applicable cost

Assessed by the City for a reconnection fee which includes but is not limited to A reconnection fee.

3. Upon sale of this property the total balance due to the City of Freeport will / Be due and payable in full.

UTILITY BILL ADJUSTMENT/BILL DISPUTE POLICY

The following is the Utility Billing Department policy for adjusting balances on accounts.

LEAK ADJUSTMENTS

- The customer receives their bill and the City of Freeport does a work order to check the meter for a leak. If there is a leak at the meter or on the customer side, the bill is adjusted to half the cost of water and half the cost of sewer charges on the bill for the previous month only. This may only be done once per year, and the City must verify that the leak has been fixed prior to any adjustment being made.
- The Mayor/City Manager may approve a second leak adjustment (must fill out and sign form), if the leak runs over 2 billing cycles.

LATE FEE ADJUSTMENTS

 No late fees shall be credited back to any customer unless the error is the fault of The City of Freeport. Payments that have not been postmarked by, made online by, or received in office by the due date (the 15th of the month) will be assessed a late fee of \$10 per the policy of the City.

HIGH CONSUMPTION DISPUTE PAYMENTS/ADJUSTMENTS

- If a customer has an unusually high bill and they are disputing findings about a leak, the
 customer must pay the bill in full and the adjustment, if warranted, will be retroactive.
 - o If the bill is over \$500, the Manager and/or Mayor may make an exception to allow for the tests to be done before payment is made.
 - o High bills will be checked before bills run to try and avoid any high bills being produced because of a leak and adjusted before the bill is sent to the customer.

ONCE IN A LIFETIME ADJUSTMENT FOR ISSUE OTHER THAN LEAK

• If a customer has a water issue (other than a repairable leak or irrigation-related issue), they are eligible once in a lifetime, per customer, for an adjustment of ½ the cost of <u>ONE</u> high bill. This adjustment cannot be used as an additional adjustment for a leak within a 12-month period.

FROM:

Debbie Roberts, Utility Billing Manager

SUBJECT:

Approval of Updates to Adjustment/Leak Policy and New Form

At the July 14, 2020 City Council meeting, staff was directed to bring back a possible addition to the Adjustment/Leak Policy. Please see the attached changes highlighted in yellow.

The first is to allow the Mayor/City Manager to approve a second leak adjustment for customers who have a leak that runs over 2 billing cycles. This will save the customer time from having to come to council to get approval.

The second is the suggestion from the July 14 Council meeting that the City offers customers a once-in-a-lifetime adjustment of ½ of one high bill for factors other than a repairable leak. This could not be used as an additional leak adjustment within a 12-month period, nor could it be used for any leak caused by an irrigation issue.

Thank you.
